OPEN SECOND
FRONT OR FAIL,
STALIN WARNSTo Act Will Bring
Catastrophe, Red Dictator
Declares in Moscow.

The Associated Press
Nov. 6 — Joseph Stalin, Soviet premier, today warned that the failure to open a second front in Europe would result in a catastrophe for the Allies. He said that the German army, which has been fighting in the West since June, is now being reinforced by troops from the East. He said that the German army is now being reinforced by troops from the East. He said that the German army is now being reinforced by troops from the East.

MARION, BUCYRUS
AUTOS IN ACCIDENT

Marion and Bucyrus boys involved in an accident on Route 4. The accident occurred on Friday morning at about 12:30 a. m. on a one-half mile south of Marion, Ohio. The accident involved a car driven by Jack Warner James, 15, North State street, who was driving west on Route 4. The car was struck by a car driven by George Taylor, 11, son of Mr. and Mrs. Taylor of Bucyrus, who was driving east on Route 4. The accident resulted in injuries to both boys. Taylor was taken to the hospital and James was taken to the hospital. The accident was reported by the state highway department.

Taylor told the patrolman that he was going to the hospital and that Mr. Taylor was driving the car. The accident was reported by the state highway department. The accident was reported by the state highway department.

Ohio war bond workers to hear
noted correspondent tell how
Nazi machine operates.OHIO BOND SALE
CORPS TO MEETPlan All-Out Payroll Savings
Drive: Lochner on Dinner
Program.

CLEVELAND, O., Nov. 6 — Louis P. Lochner, one of the last of the American correspondents to leave Berlin and for 14 years, chief of The Associated Press bureau in the German capital, will address the dinner meeting of the Ohio war bond workers next Monday at the Deshler-Wallick hotel in Columbus.

This session will open a two-day conference of county chairmen and key committee workers from the 88 Ohio counties. It was announced here today by Roy Moore, state administrator of the war savings staff.

Mr. Lochner, winner of the 1939 Pulitzer prize for his work as a foreign correspondent, returned to this country in June after six months' internment in Berlin. He was in the world, he was in frequent contact with Hitler, Hess, Goering, Goebbels and other Nazi leaders.

He will bring to the bond workers an inside story of Germany's war plans, the operations of the vaunted Hitler war machine.

The bond conference will continue through Tuesday with departmental sessions scheduled for the volunteer workers in charge of payroll savings installations. P & G bonds, women's activities, banks, retailers, agriculture, Negro and foreign language groups, promotional events and other specialized activities of the campaign.

The purpose of the conference is to map an all-out payroll savings drive to be completed with statewide community celebrations on the anniversary of Pearl Harbor, Dec. 7. State leaders said today objectives of the intensified drive will be not only to induce the remaining Ohio firms that have not yet enlisted in the payroll deduction plan to complete its installation but to urge all income earners in Ohio to increase their bond subscriptions to at least 10 per cent by the Pearl Harbor deadline.

Others on Program

Theodore Gamble, assistant to the secretary of the treasury, Boyd Fisher, from the treasury department, Mrs. Dorothy B. Atkinson of Minneapolis, regional director of women's activities and other representatives of the treasury will attend the sessions. Governor Bricker and Frank N. Ivey, state bond chairman of Michigan will be the speakers at the Tuesday luncheon which will be presided over by Phil J. Truitt, chairman of the Ohio committee.

Thief Keeps Ring Eight

Years, Sends It Back

Eight years ago a wedding ring was stolen from Mrs. Fred Johnson of 495 South Prospect street. This morning, on the day before she leaves Marion with her family to make her home in California, she received a package by mail—the missing ring. Mrs. Johnson told a reporter today she can't imagine what prompted return of the ring unless it was a guilty conscience. The package had a return address of "North High Street, Columbus, O.," but the postmark was Marion postoffice. Oddly, the ring was sent to Mrs. Johnson at 432 South Prospect street where she has been staying temporarily, and not to the 495 South Prospect street address where the family lived for several years.

U.S. TROOPS HIT
JAP FORCES
ON TWO FLANKSAttack Pressed After Enemy
Lands More Reinforce-
ments on Guadalcanal.

WASHINGTON, Nov. 6 — Hard-pressed American forces stabbed at bolstered Japanese troops on Guadalcanal's broadening battlefield today in a two-pronged attack that pierced deeper into one flank and threatened another. To the west of the island, American-held airbase, Marines and soldiers successfully attacked enemy positions, the navy reported yesterday, slaying 350 Japanese and capturing 12 37 mm. light artillery guns, three field pieces and 30 machine guns. The offensive drive on Nov. 3 gained the American troops two additional miles of jungle. But a similar attempt to smash enemy concentrations to the east of the airfield on the following day was repulsed.

Japs Reinforced

The Japanese forces, put ashore on the coast east of the American base five days ago under cover of darkness, were reinforced by additional night landings Nov. 3 and 4, the navy explained. It was this strengthened force apparently which the Americans attacked on dawn on Nov. 4 and met what the navy termed "an initial repulse."

"Marines are pressing their attack on these enemy troops," added the communiqué. On another front, the Japanese invasion forces were continuing to fall back in New Guinea under steady pressure of an allied drive.

Gen. Douglas MacArthur's Australian command declared today that the ill-fated enemy assault which late in September had advanced to within 32 miles of the allied Port Moresby naval base, had been pushed back well beyond the half-way point at Kokoda, about 60 miles inland.

Timor Attacked Again

Allied bombers also struck for the second successive day at enemy-occupied towns of Muabise and Aley in Portuguese Timor, north-west of Australia, and at the Japanese north shore New Guinea base at Salamaua. The town's Buna-Pala area in the northern Solomons also was bombed again last night.

The navy disclosed that United States warships shelled Japanese positions on the north coast of Guadalcanal near Kokumbona the night of Nov. 3-4.

Army aircraft also continued to assault Japanese troops and supply dumps in the same area without opposition. An appeal for a coordinated American naval and army command in the South Pacific was voiced here by Walter Nash to the United States and the Pacific war council from New Zealand.

Nash asserted in a radio broadcast last night that "it is imperative that the United States commanders—General MacArthur and Admiral Halsey—work in close cooperation."

Arrangements for Gasoline Ration

Registration Outlined for County

50 More Volunteer Workers Needed; School of Instruction Set

for Next Wednesday Night.

Preliminary details for the basic gasoline rationing next Thursday, Friday and Saturday in the city and county schools and a school of instruction for the volunteers who will conduct the supplemental registration starting Nov. 16, were announced today. At least 50 more volunteers are needed, according to rationing officials. Persons who wish to volunteer should call 2133 or 2277. Next Wednesday night at 7:30 in Central Junior High school there will be an instruction meeting of the volunteers, conducted by R. O. Walker, associate rationing official from the state OPA office in Columbus.

The meeting will be one of the most important called in Marion recently because it will involve the future way of life and work of hundreds of Marion city and county residents, officials said.

Essential Credentials

With announcement of the basic plans came the warning from school heads that applicants must take with them to the schools their passenger car registration card and the serial numbers of their tires. No books will be issued to those who do not have these required items. The three junior high schools—Central, Venice Heights and Thomas A. Edison, will be the centers for the city registration. All centralized schools will be registration centers in the county. This will be all county schools except the Reber, Lawrence and Campbell one-room schools. Residents of these three communities should go to the nearest centralized school or to one of the junior high schools in the city. Supt. E. E. Holt said today that the registration will work out more smoothly if applicants go to the junior high school in their districts.

Time Schedule

Times of the city registration are as follows: Thursday, 9:30 a. m. to 4:30 p. m.; Friday and Saturday, 9:30 a. m. to 9 p. m. The junior high school pupils will be dismissed on Thursday and Friday.

Applicants will be asked at the doors whether they have their passenger car registration cards and tire serial numbers. Supt. D. T. Mills of the county schools said he has written directives to the superintendents of the centralized schools, suggesting that they not Thursday and Friday registration times at 3 p. m. to 6 p. m. and dismiss school the two afternoons. He said he had left the matter of handling the

NAZIS REPORTED RUSHING TROOPS FROM RUSSIA TO GREECE

FLORIDA IN
STORM PATHBut Main Force of Hurricane
Veers Toward Gulf of
Mexico.

(Approved by censor for publication and radio broadcast)

By The Associated Press

MIAMI, Fla., Nov. 6 — A storm brewed in the tempestuous Caribbean skirted along the north coast of Cuba today, but its main force apparently was headed through the straits and into the Gulf of Mexico, fled away from peninsular Florida and its resort area. A wide area of storm winds—reaching hurricane force of 79 miles or more northward—threatened the central and southern Bahama Islands off the Florida coast and the island of Cuba.

However, the heavily-populated areas of Florida, southward from Melbourne and including Palm Beach and Miami, were threatened with heavy winds. South of Miami and in the Key West area at the tip of the state, the threat was great. The storm, centered in early morning at Long Island in the Bahamas, was moving west and northwest. If it maintained this course, it would pass in the vicinity of New Providence Island, where the Duke and Duchess of Windsor reside in Nassau's government house.

Miami public schools were ordered closed for the day and a high school football game was cancelled. Wartime censorship of storm news was lifted to permit notification of all who might be threatened.

The storm apparently made up more rapidly than usual and the customary two or three days' advance notice was missing.

Marion Soldier

Opp of Uncle Sam's

"Dead End Kids"

A Marion soldier on duty at the end of Uncle Sam's longest army supply line was a new nickname today—as one of the "Dead End Kids." He is Sergeant Jack Hedges, son of Mr. and Mrs. Robert W. Hedges of 184 Wildwood court. The "Dead End Kids" were singled out for attention in an Associated Press dispatch written by J. Reilly O'Sullivan, a correspondent who is with the American Forces in China.

Cheerful Bunch

O'Sullivan commented these are "not the kind" of "Dead End Kids" you see in the movies. Continuing, he wrote: "A cheerful, hardworking bunch of enlisted men, they are employed at the dead end of Uncle Sam's longest army supply line some 18,000 miles from home."

"It's these kids who repair and service transport planes on the turn-around of the India-China ferry command."

"They're a hard-boiled, rollicking lot with pride and skill in their jobs. Overtime means nothing to them when they're slacking up their pet transport, the flying freighters which carry the only war tools to the China theater."

"The label of Dead End Kids was hung on them by Mayor P. C. (Duke) Doring of Madison, Wis., commander of the last and most dangerous leg of the ferry command over the towering extension of the Himalayas."

"Lieut. Robert L. (Bo) Plagens of Weimar, Texas, skips the gang which includes Sgt. Jack (Knobby) Hedges of Marion, O."

Another New Name

Incidentally, a "Dead End Kid" isn't the only new nickname for Sergeant Hedges—his parents don't know anything about the nickname of "Knobby," but suspect that it's one his fellow soldiers have—on him since he joined the service.

A Harding High school graduate in '37, Sergeant Hedges spent two years studying business administration at Ohio State university. He enlisted in the army air force at Patterson Field, Dayton, on June 10, 1941, took training at various centers and has been out of the country several months.

His parents said they hear from him regularly, adding that his last letter came only today telling them that all is well with his group.

VICTORY SEEN
BY PRESIDENTViews Egyptian Gains by
British As of Major
Proportions.

By The Associated Press

WASHINGTON, Nov. 6 — President Roosevelt analyzed the allied campaign in North Africa today as having the appearance of a victory of major proportions. He told a press conference he thought all of us, and all the United Nations, had been pretty much frightened by what looks to be a victory of major proportions in the Egyptian-Libyan area.

Things seemed to be going extremely well, he said, adding that there was not much news which had not appeared in the communiqué. Replying to a question, Mr. Roosevelt said that only a small part of the equipment used in the assault against General Erwin Rommel's forces was of American origin.

NAVAL RECRUITING

CRUISER HERE TODAY

Parade and Public Program

Scheduled for Tonight.

The United States navy set up temporary recruiting headquarters in front of the courthouse this morning and will do business until 11 tonight.

The recruiting cruiser came here from Kanton, where eight men passed preliminary tests yesterday. Two of the eight went to the Toledo main station immediately for enlistment.

The cruiser's itinerary in the Marion area includes Gabon on Saturday and Sunday, Bucyrus on Monday and Upper Sandusky on Tuesday.

Residents of Marion and surrounding communities are invited to a program tonight at 8 in Central Junior High school when official navy motion pictures will be shown and questions about the navy will be answered by Chief J. B. Sanzenbacher, in charge of the recruiting party, and his assistants, James Kroon, specialist, first class, and Joseph Kahler, yeoman, second class.

There will be brief talks by Mayor Russell C. Snare, Common Pleas Judge Hector S. Young and Chief Petty Officer John J. Dugan of the Marion recruiting station.

If the weather is clear the will be a parade from the courthouse to the school, with the band of Buckeye Aerie No. 237, F. O. Eagles, furnishing the music.

The Marion Navy club's mobile ship, which has been on a long recruiting tour was on display at the courthouse today.

THREE DIVISIONS
FIGHTING BEHIND
ROMMEL POSITIONS

By The Associated Press

CAIRO, Nov. 6 — Three fast armored divisions of the British Eighth army led by Lieut. Gen. Bernard L. Montgomery have driven two wedges through Marshal Rommel's forces and are fighting inside enemy positions.

The axis high commands conceded that the allied offensive was nearing Matruh, 101 miles west of the old El Alamein battlefield, but the British said officially only that the battle had been carried "well west of El Daba," 33 miles from El Alamein.

Tanks were operating at the heels of the axis retreat in the El Daba sector, a British communiqué said.

Portions of Rommel's armies which managed to escape the tank wedging and encirclement were said by Montgomery to be in full retreat.

This situation—of deep tank thrusts, encirclement and hammering pursuit—suggested that the fate of the German-Italian North African corps might well be sealed before the surviving portions could retreat across the Egyptian-Libyan border some 150 miles farther west.

Montgomery told the allied correspondents at his desert headquarters yesterday to announce complete and absolute victory in the battle of El Alamein.

A well-informed British source at London said of the land offensive that "there is reason to believe that our armored forces now have succeeded in getting behind some of the retreating German and Italian forces and that their retreat is virtually cut off."

"There are high hopes that we may be able to annihilate them completely without having to chase them across the Libyan desert as in other advances." The steady liquidation of Rommel's forces was recorded today in the official disclosure that his losses by capture alone now total more than 15,000 men and that at least 339 of his tanks have been knocked out.

The full measure of Rommel's defeat was indicated in a British communiqué which told of a roundup of large numbers of Italian deserters, apparently abandoned in their isolated positions while the Germans on wheels or caterpillar tracks tried to save themselves by flight along the coastal road.

The axis high commands still led the British in progress reports on the allied offensive. The broadcast communiqué from Rome and Berlin placed the area of violent combat between Fuka and Mitrub — 62 and 101 miles west of the original El Alamein line.

The new British figures on tanks destroyed and prisoners taken incorporated the latest figures, 4,000 more men and at least 79 more tanks.

Announcement of the new allied successes indicated that the victorious Eighth army had ground out an advance of 50 miles since breaking through the enemy's positions near El Alamein and dislodging them from the front suggested that the battle of North Africa rapidly was degenerating into a race across the desert, with Rommel's forces in the rear.

At the same time axis military commentators have been reporting a gathering of allied forces in the Chad area, due south of Tripoli, Libyan capital, and have noted the presence of a fighting French force at Kufra oasis, 400 miles south of Derna, eastern Libya.

The London Evening Standard summed up the current concern of the axis as follows: "All Africa may soon be at stake. Such is the fear in Berlin and Rome."

Only Grounds for Victory
Anything less than complete destruction of Rommel's forces might be taken as an axis victory, the Evening Standard commented. To accomplish this, it noted, the British would have to drive in force across 1,000 miles of desert from the rear while he still is under frontal assault.

London observers saw in the potential complete occupation of North Africa the possibility of establishing a base for a second European front, reopening the Mediterranean to allied shipping and thus saving three-fourths of the sailing time to the Middle East and increasing aid to Russia both by releasing more material and delivering it faster.

New Allied African Thrust

Feared as Axis Falls Back

By The Associated Press

LONDON, Nov. 6 — With Rommel's retreat westward in Egypt under threat of annihilation by the British Eighth army, the axis showed signs today of a wary watch for new allied ventures which might impel its position elsewhere in Africa and on the Mediterranean.

"The enemy is showing increasing uneasiness regarding allied movements to the south and west of Libya," the London Daily Telegraph commented.

For a third successive day the German radio talked, without confirmation, of a concentration of United Nations warships and transports at Gibraltar, estimating that 125 naval vessels had reached the main harbor there. Previous axis reports said that American troops had reached Gibraltar.

The Nazi controlled Paris radio also said that additional RAF squadrons had arrived at Gibraltar. Earlier this week the German commentator, Rear Admiral Luetzow, discussed on the Berlin radio the possibility of allied operations against North Africa, led by Americans, and a movement against Casablanca, from the west, in the Atlantic.

Vichy France and Spain divide the control of North Africa. Cameroun is in French Morocco.

At the same time axis military commentators have been reporting a gathering of allied forces in the Chad area, due south of Tripoli, Libyan capital, and have noted the presence of a fighting French force at Kufra oasis, 400 miles south of Derna, eastern Libya.

The London Evening Standard summed up the current concern of the axis as follows: "All Africa may soon be at stake. Such is the fear in Berlin and Rome."

Only Grounds for Victory
Anything less than complete destruction of Rommel's forces might be taken as an axis victory, the Evening Standard commented. To accomplish this, it noted, the British would have to drive in force across 1,000 miles of desert from the rear while he still is under frontal assault.

London observers saw in the potential complete occupation of North Africa the possibility of establishing a base for a second European front, reopening the Mediterranean to allied shipping and thus saving three-fourths of the sailing time to the Middle East and increasing aid to Russia both by releasing more material and delivering it faster.

OHIOANS BACK FULL WAR AID

New Congressmen Ready To Work for Speedy Victory for U. S.

By The Associated Press
COLUMBUS, O., Nov. 6.—All of Ohio's congressmen-elect, including seven newcomers without previous law-making experience in the national capital, are pledged to an all-out effort for speedy victory and winning the peace to follow.

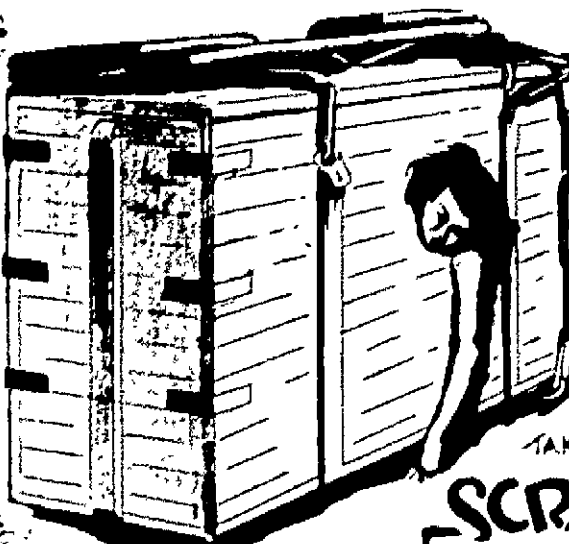

Of the eight new Republican members, Earl R. Lewis of St. Clairsville, 18th district, is the only one having previous congressional experience. Lewis, who served one term a few years back, says he'll strive for a realistic approach to solution of post-war problems.

Walter E. Brehm, Logan district, who unseated Democrat Harold K. Claypool of Chillicothe, in the 11th district, says he is interested in bringing about development of the natural resources of southeastern Ohio, particularly in the field of plastics. Such development, he said, would remove the "ghost towns" in that area where 43.7 per cent of the entire population once was dependent on relief programs.

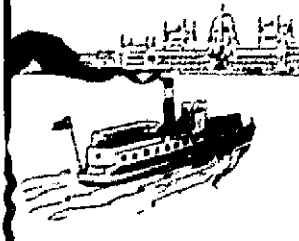

Harry P. Jeffrey, Dayton attorney, member-elect in the 3rd district, favors creation of an international system to prevent future wars.

SAW CARRIER WASP GO DOWN

Seaman, on Furlough in Galion, Home from Solomons Action.

Special to The Star
GALION, Nov. 6.—A witness of the sinking of the Wasp, U. S. aircraft carrier, William Fleiner, husband of the former Alberta Sonnenker, is visiting in Galion at the home of his wife's parents, Mr. and Mrs. J. B. Schneider while he is on furlough from the Navy. Fleiner, a former Cleveland man, is a woman first mate and has witnessed a greater portion of the zigzag battle still in progress in the Solomons.

Fleiner disclosed that in the middle of September he witnessed the sinking of the Wasp and also saw damage inflicted on another carrier whose name has not yet been disclosed by the Navy. He was, at that time, on a destroyer. He said, of the Marines which his ship landed there, "They are the toughest fighters in the world, and landed on the island in Higgins boats under cover of shell fire."

The broad shoulder, 30-year-old seaman, said he landed on the west coast a week ago and expects to return to sea in a month or two. At present he is on a 15-day furlough.

In describing Guadalcanal, the center of such fierce fighting, Fleiner spoke of the primitive life there and noted that supplies must be moved in constantly to maintain forces. "The waters around the island are filled with Jap casualties, and enemy dead were piled on land," he said.

In explanation of the Japanese ability to land forces on the island the seaman said that high powered cruisers slipped into the American held island under cover of darkness and thus escaped detection by aircraft.

Fleiner and his ship mates, credited with sinking two enemy submarines during the action around the island, witnessed a Jap torpedo or "fish" narrowly miss their boat and land on the beach. The Marines proceeded to decorate it as a monument to Jap marksmanship.

5,000 Car Owners To Get Morrow Co. Cards

Special to The Star
MT. GILEAD, Nov. 6.—A special approximately 5,000 car owners in Morrow county will apply for their "A" cards to get Morrow Co. "A" at the Morrow Co. office, 15 N. 13 and 14 according to Officer Granger, clerk of the war police and ration board.

School houses will be open from 2:30 p. m. to 8:30 p. m. to issue "A" cards to car owners and cards to motorcycle owners.

These applications should be filled out and ready for presentation when presentation starts. Mr. Granger warned that all persons should register in the county in which they reside.

Mrs. Russell Powell of Eaton has been employed as assistant clerk at the ration board.

DEMOCRATS HAVE 220, G. O. P. 208 IN HOUSE

Contests for Three Seats Still Undecided.

By The Associated Press
The Democrats today counted 220 representatives and 15 senators as elected by Tuesday's elections for the 76th congress, to convene in January, while the Republicans had 208 house members and 13 senators. Contests for three house seats and one senate place still were undecided.

Minor parties winning house seats were the Progressives, taking two places, a loss of one, and American-Labor and Farm-Labor taking one each.

The Democrats had 41 hold-over senators, to give them a majority with 56 votes, to a total of 38 for the Republicans, who had 20 holdovers. There is one Progressive in the senate hold-overs.

The undecided Montana senate race was between Democrat James E. Murray, the incumbent, and Wellington D. Rankin, Republican. Murray claimed victory, with 82,792 votes in 1,154 of the 1,185 precincts, while Rankin had 82,151.

One gubernatorial race was in doubt, the battle in Idaho having been sealed for an official canvass, to be made Nov. 23, when the tally showed Chase A. Clark, the Democratic incumbent, had 71,841 and Republican C. A. Bottolfsen, 71,646.

U. S. FLIER LOSES PLANE, RETURNS IN ANOTHER

Bails Out in New Guinea: Finds Ship on Beach.

By The Associated Press
SOMEWHERE IN NEW GUINEA, Nov. 6.—A young California flier who bailed out of his fighting plane over the New Guinea jungle yesterday returned to base today in a plane he found abandoned on a beach. With him was a young native boy who served as a seat cushion.

Field attendants stared unbelievably as pilot, Lt. James Miller of Sullins, Calif., previously listed as missing, climbed from the plane and then lifted out the young booby (native).

It happened like this: While on a fighter mission over the jungle, Miller encountered severe weather and bailed out. He landed without mishap and was picked up by some natives who led him to the abandoned plane.

The plane had no seat. A native boy climbed into the cockpit, and Miller seated himself in the boy's lap. This enabled him to see, and he made a difficult take-off from the beach, arriving safely back at his base.

Miller reported himself none the wiser for his experience. The boy was happy because Miller bought him a new red belt.

Galion Students At Newspaper Meeting

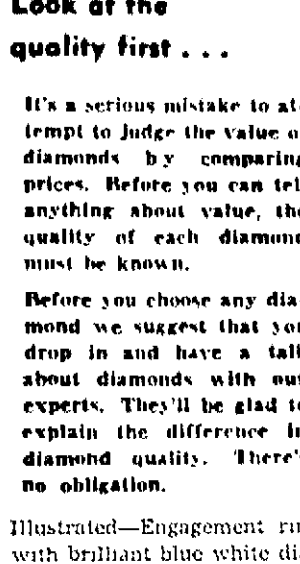

Special to The Star
GALION, Nov. 6.—For the eleventh consecutive year Galion high school and junior high school journalists sent delegates to the annual high school journalism convention being held in Columbus today and tomorrow. The high school newspaper, The Lantern, has on several occasions won first rating among high school newspapers of the nation.

Today 22 delegates from senior high school are in attendance at the convention and 5 from junior high school. Accompanying the students are Gettrude Mann, and Elizabeth Lane, journalism instructors; Isabel Monroe, Lloyd Babbs and Mrs. A. Smith. The group will attend the banquet being held tonight at which time Cal Lyons, war correspondent of World War I, will be the principal speaker.

Co-editors of the Lantern, Ruth Rieker and Jean Cowell, along with Paul Cronenwell, business manager, will attend departmental meetings Saturday. Other students who are at the convention include Shirley Kersch, Alice Younce, Shirley Kuttland, Virginia West, Marjory Staub, Eileen Tracht, Jean Ulmer, Patricia Walker, Virginia Kieps, Bob Ginder, Franklin Pry, Paul Ethical, John Weithoff, Franklin King, Earl Helbig, Marjory Wilson, Winona Lehman, Jeannette Speery, Janet Reitzman, Gloria Spetstein, Jean Chapman, Patty Eckstein, Juanita Davis.

Southworth To Head Up Delaware War Bond Rally

By The Associated Press
DELAWARE, O., Nov. 6.—A huge Delaware county bond rally on Dec. 7—anniversary of Pearl Harbor—with famed Billy Southworth of the St. Louis Cardinals and possibly notable of the Cards team appearing as "victory bond ambassadors of the U. S. treasury department" was announced yesterday following a bond rally and homecoming Wednesday night in Sunbury at which peppery Manager Southworth sold \$3,500 worth of bonds.

Tentative plans are for Delaware's three service clubs, Kiwanis, Rotary and Lions, to cooperate in promoting the rally. The rally is reported to have been suggested by Southworth at the Sunbury turn-out.

Acting in his capacity as a "victory bond ambassador of the U. S. treasury department," Southworth gave a baseball twist to his ballgame at Sunbury. A \$25 bond was a "bunt." Value of the "batters" wallops corresponded to the size of the bond purchases and culminated in a "home run" for a \$1,000 bond. John Shultz of Galena purchased one of the circuit.

About 350 residents of Sunbury community turned out to welcome their adopted son. Coach Pemberton of the Sunbury schools presented him with a gift from the community—an electric clock decorated with the figure of a baseball player and inscribed "To a Swell Guy from the Folks of Sunbury."

Southworth gave them a detailed, first-hand account of the world series.

NEWS AT A GLANCE

By The Associated Press
COLUMBUS, O., Nov. 6.—Thousands of women will be enrolled as auxiliary air raid wardens to increase the daytime effectiveness of Ohio's civilian protection program.

Ralph H. Stone, state defense director, said nearly 300,000 women were needed in addition to those already serving.

LOCK HAVEN, Pa.—The stock made his nineteenth call at the home of James Roy Hill, 48, paper mill worker, and Mrs. Hill, 42, bringing a boy.

BOSTON — Associate Justice Frank Murphy of the United States supreme court appealed to the nation last night to avoid "public controversies that might breed distrust or ill will between ourselves and our gallant comrades in arms."

HONOLULU, T. H., Nov. 6.—The Hawaiian military commander, Lieut. Gen. Delos C. Emmons, said today that some of Hawaii's 101,000 Japanese soon would be evacuated to the American mainland.

100 Volunteers Asked To Help Bond Sale

Special to The Star
MT. GILEAD, Nov. 6.—Harry Nelson, chairman of the auction to be held at the Morrow county fair ground on Dec. 4 has issued a call for 100 men to assist him on the day of the sale. He announced that over 1,000 head of livestock had been consigned.

He also announced that the Mt. Gilead Lions club will sponsor "victory dinner" on Friday, the day of the sale. The dinner will be held at the Mt. Gilead high school at 6:30 p. m. A. L. Wallace, George Phillips and Don Taylor are in charge.

A program to begin at 3:30 p. m. will be presented the same evening at Levering hall in Mt. Gilead. On the committee are Jim Rogers, B. D. Ashbaugh, Luther Asman, Dick Pittman and Orren Zimmerman.

ASKS SCHOOLS TO HELP

By The United Press
OMAHA — In an effort to stop childish pranks which have resulted recently in death and serious injury as well as extensive damage to railroad equipment, President W. M. Jeffers of the Union Pacific railroad wrote to school superintendents in states traversed by the railroad, asking them to aid in enlisting children in a "stay away from the tracks" campaign.

Marion Seaman in Action At Guadalcanal Home on Leave

Frank Edward Townsend on Ship Sunk by Jap Shell-fire; Ready To Return for More.

HALLIE HOUCK
Guadalcanal, scene of the Pacific, has seen the action of the Pacific. Frank Edward Townsend, 466 Van Buren

undt orders came to abandon ship," he said the other day, apparently surprised that anyone would question what a United States seaman would do under fire.

Jap cruisers sank the ship with shell fire, he explained. The attack came at 1:15 a. m. when he was on watch in the engine room. At 2:30 the ship was sunk and he and 31 other men were in a boat with all their possessions gone except the clothes on their backs. They landed at the Marine base at Henderson field on Guadalcanal—the base the Japs have been pounding in recent weeks.

From Aug. 7 to Sept. 5 he was on Guadalcanal from time to time. In one 10-day stretch there were 30 air raids and he came through unscathed.

There When Marines Came
He was at Guadalcanal early in August when the first U. S. Marines landed.

"They're fighting men, they can't be beaten," he said proudly the other day.

He's seen quite a few Japs and his general opinion is:
"I wouldn't want to meet one in a dark alley!"

His Jap impressions include some 200 prisoners he saw and two Jap pilots who were fished out of the water after their plane was brought down. They were sent to Australia.

At Fiji Island Port
He stayed one night at a Fiji Island port and there was no opportunity to look around for any Marion men who are among forces stationed there—seamen don't do much strolling around in South Pacific ports these days.

From the Fiji's his ship went on to Pearl Harbor and from there he came into San Diego. When he

At the time his transport was sunk it was on submarine patrol duty.

The U. S. Navy certainly gets around, judging from the travels of Townsend, a machinist's mate, first class—he received word of his promotion while enroute home from South Pacific service.

Enlisted in 1940
Townsend enlisted in the Navy on March 5, 1940, in Marion and received his "boot" training at Newport, R. I. After completing his recruit training he was assigned to a destroyer on Atlantic patrol duty and was on that assignment until he was transferred to San Diego, Calif.

On Dec. 7, the day an American will forget, Townsend was at Norfolk, Va. Orders began to fly and on Jan. 21 he left for San Diego, Calif.

From mid-February, when the ship arrived at San Diego, until early June, it was used for the training of U. S. Marines—Townsend learned to know the Marines pretty well in those months and he has considerable respect for that branch of the Navy's service.

Early in June he was assigned to the transport with the Pacific fleet and went to Pearl Harbor.

While he isn't talkative about his travels from then on—can't figure that it would do any good to the United Nations fight—he does tell that he's been at New Caledonia, the New Hebrides, the Fiji Island and at Savo Island scene of Japanese and American Naval battles at the approaches to the enemy-held northern portion of Guadalcanal.

With all his traveling he's never met up with any men from Marion in any branch of service. At one time he met up with several from West Mansfield.

At Fiji Island Port
He stayed one night at a Fiji Island port and there was no opportunity to look around for any Marion men who are among forces stationed there—seamen don't do much strolling around in South Pacific ports these days.

From the Fiji's his ship went on to Pearl Harbor and from there he came into San Diego. When he

reports back for duty it will be at a west coast station.

Townsend expects to be sent to sea again and it'll be a. k. with him. However, he believes that as a Diesel engine man he'll be just as valuable, if not more so, and because he's enthusiastic about Diesels, he's asked to be assigned to one of the Navy schools. He doesn't anticipate approval of his request before he is again at sea.

Townsend is in the regular navy for six years.

When he goes back this time he'll have added responsibilities and more reason than ever to fight for an early victory.

Recently Married
On Wednesday, Oct. 28, he and Miss Dorothy Ellen Lyon of Green Camp were united in marriage in the Memorial Baptist church. They had been friends for years and planned to be married early this year at Norfolk—but orders to get under way for San Diego broke up the marriage plans.

The new Mrs. Townsend expects to remain at home for the present. If her husband's request for Diesel engine schooling is granted, she'll join him when he is assigned to a school.

Townsend, a graduate of the Pleasant Township High school in 1930, studied the vocational course at Harding High school where he was a student through the junior year.

This article has been approved for publication by the Press division of the Office of Censorship.

A new material that is a combination of wood and plastic has recently been developed for airplane propellers by the U. S. forest products laboratory.

LIMIT ON SALARIES WORRIES HOLLYWOOD

What To Do with High Pay Bracket, Is Question.

By The Associated Press
HOLLYWOOD, Nov. 6.—The film industry, which didn't coin the word colossal but made it famous, could use the term today to describe its state of befuddlement as it awaited clarification of the new wage-ceiling order, which kept scores of highly-paid movie employees from receiving their weekly paychecks.

The seven major studios tied up the salaries of their top-bracketed actors, producers, writers and directors as batteries of lawyers studied the government's decree, which, as it is interpreted here, bars anyone from receiving more wages than he did in 1941, or more than \$23,000 net, whichever is the larger sum.

There are scores—perhaps hundreds—in the studios who already have netted at least \$25,000 so far this year, and one point adding to the puzzlement of the industry is whether they can be forced to fulfill their contracts at no added compensation.

There was a suggestion that some studios were considering halting work on productions featuring players who already had equalled their 1941 earnings. The studios remained silent.

One source, declining to be identified, said that several stars for a major studio had offered to work the remainder of the year without salary.

PLAN MEATLESS DAYS
By The Associated Press
WARREN, O., Nov. 6.—Meatless days will be observed here beginning next week. Hotels and restaurants will serve vegetable dinners on Wednesday. Housewives have been asked to serve meatless meals.

The oldest Greek Letter Fraternity in American colleges is Phi-Kappa Kappa, which was organized in 1775 at William and Mary College, Williamsburg, Va.

Stores Looking Ahead To Best Christmas in History

Signs Point To Record Holiday Shopping; Buying for Season Already Started.

By JAMES MARLOW and GEORGE ZIELKE of the Associated Press.

NEW YORK, Nov. 5.—This will be the best Christmas in history, say department store executives here. All signs point to a record holiday shopping season.

In other years Christmas shopping would have begun after Thanksgiving but this year it started early.

By buying now, shoppers can carry a lot of their purchases, thus easing the severe strain on transportation facilities which piles up all during the holiday season; if the shopping is spread over October, November and December—instead of being concentrated in the last month—the manpower problem will be eased since the stores this year will be hard pressed to find extra help for the holiday rush.

People knew they had to get presents for their friends and relatives in the armed services overseas before Nov. 1 if the men were to receive the gifts before Christmas.

As an indication of the downhill slide of supplies in the nation's stores, A. W. Zelomski, economist of the International Statistical Bureau, Inc., points out that—based on a 1923-25 index—inventories in June were 134 per cent, July 140, August 135, September 123, and that October inventories would show a further decline.

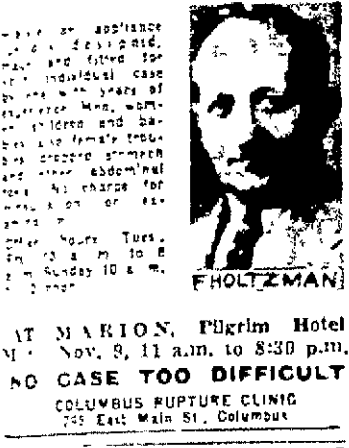

At the start of this year there was a widespread fear—because of enormous wool purchases by the government—that there would be a shortage of suits and clothing. So the public stocked up in a buying spree.

When clothing remained plentiful as ever, the buying surge died away.

Now, some retailers say, the public again is trying to read the future—assuming that because coffee and meat supplies are tight other items will be scarce too—by laying in supplies of goods ahead of their actual needs.

Straight ahead—perhaps early in 1943—are government inventory controls which will have the effect of preventing shopkeepers from stocking up on merchandise beyond their actual needs and limiting them to supplies that will meet their trade demands.

CARRIER'S BROOD GETS FUEL, BULLETS

Back from a raid on a Japanese-occupied island, Navy fighter planes rest on the flight deck of a U. S. carrier somewhere in the south Pacific

while mechanics and ordnance men swarm over them to fill the tanks with gasoline and the machine gun belts with bullets. The picture was taken from the ship's "island."

This Is Your Fight

What You Can Do To Help Win It

No. 6—Your Health

EVERY citizen in America must do his job well if victory is to be achieved. If those working on the home front are to turn out the weapons our armed forces need, they must be physically fit.

Nutritionists list these foods as essential to good health: milk, vegetables, fruits, eggs, meat, cheese, fish or legumes, cereal or bread and butter. Make certain you eat them in the required quantities.

A well balanced diet, eight hours of sleep a day and mental and physical recreation are most reliable ways to insure good health.

On the recreation side there's the radio, reading, hobbies, theaters, bowling and other recreation facilities. With gasoline rationing a fact, more and more of your recreation will be centered around the home.

Go to church and take part in church activities.

But don't try to do too much. Too many nights out are harmful.

If you don't feel well, remember to cooperate with your doctor. He probably is working harder than ever these days and you should be considerate in your demands for medical attention.

Most doctors say the most satisfactory time to call them is in the morning between 8 and 9 at their homes—before they start on their daily round of calls.

THEY prefer that you don't call during afternoon hours when offices are crowded with patients with appointments. If your call isn't urgent, it just makes the doctor's day longer.

Families can and the doctor by not asking him to travel a great distance to care for a minor ailment. If it's just a headache, he may be able to prescribe home treatment over the telephone.

If it's an emergency call, don't hesitate.

There is and will be no acute shortage of doctors in Marion. All eligible doctors in Marion are accepted for duty with the armed forces, about 30 still will have to care for its civilians.

In the event of emergency or disaster, the government and the Red Cross would send nurses and more doctors to aid them.

Should burdens on doctors increase too rapidly, Marion Academy of Medicine may work out a plan whereby certain doctors will not be subject to call on specified nights. If such a plan is adopted, your cooperation will be appreciated.

If you must go to a hospital, remember the nurse shortage. Depend wholly upon the advice of your doctor and ask him to recommend your release as soon as possible.

FOR the duration, there will be no luxury nursing. Patients will be given the best of care, but should not ask for special nurses except when recommended by their doctor.

Only members of families should visit persons in Marion's busy hospital. Visits should be brief. Visiting hours should be observed religiously. Children shouldn't be taken as visitors.

If you have a friend in the hospital, don't call the hospital to inquire about him or her. Telephone the family. Leave the hospital lines clear for emergency and necessary calls.

If you send flowers, make it a small bouquet. As a matter of fact, most patients appreciate flowers more after they have returned home, hospital officials claim.

MURDER on the Campus

By JERRY BRONFIELD

CHAPTER SIXTEEN

Now Below The Belt

TODD read a letter a pledge handed him at lunch and then re-read it, wondering. "I don't like to inconvenience you," it said, "but I would greatly appreciate it if you would come and see me this evening at the Hotel Lincoln, room 406. It is important and confidential."

It was signed, by Leo Drake.

Todd was still baffled that night after dinner as he rode downtown. Susan's father wanted to see him, and it was confidential. That sounded as if Susan didn't know he was in the city.

Todd rang the room on the house phone and announced himself. "Come right up," he heard a deep voice say.

The door opened almost immediately to his knock. "Come in, Malone," Leo Drake said, extending his hand. "I'm Susan's father, as you probably guessed."

"Yes—I knew," Todd said, taking his hand. He looked Drake straight in the face. There was no expression there that might tell him anything.

"Sit down," Drake said, and then took a seat himself.

"Thanks for coming, Malone. You're wondering why I asked you to come here so I'll hit the nail right on the head.

"Malone," he said, hitching up his chair several inches as he began. "Malone, from what I know of this Humphries case even at a distance, it appears to me as though you're in the clear, but nevertheless I'd like it very much if you didn't see my daughter any more. I know you haven't seen a lot of her but that's beside the point. It's the future I'm thinking about."

"I'm getting no kick out of saying this because, the way I understand it, you're a good boy, Malone. But that doesn't alter my case any. I've got reasons, some of them personal, and that's that. Otherwise, you've got my best wishes."

Leo Drake had said what he'd wanted to say so quickly and firmly that it took Todd a moment to absorb the full import.

He stared at Drake, then felt his face grow hot as the meaning reached him. For a split second he thought he would leap out of his chair and pound the man in the face, but he fought for control and won. But there was no disguising the emotion in his voice.

"Let me tell you something,"

COALITION IN CAPITOL URGED

G. O. P. Willing To Forget Politics in Drive for Victory.

By The Associated Press.

WASHINGTON, Nov. 5.—A movement developed on Capitol Hill today for a Republican-Democratic "victory coalition" to proclaim a holiday on politics and unite toward the one common aim of winning the war.

The alliance would throw the power of both parties behind President Roosevelt for the most effective prosecution of war, but the Republicans coupled their pledge of support with demands for an end to "New Deal politics and experiments."

"We are willing to forget the election if the administration will remember the implications it contained," said Senator McNary of Oregon, the Republican leader.

Another leading Republican, Senator Vandenberg of Michigan, proposed the coalition, saying Congress should create a unified committee on war cooperation.

But while unity in the war effort appeared to be generally applauded, political observers watched for a possibility that house Republicans and conservative Democrats might develop a joint drive not only to halt "New Dealism" but to erase some of its established works.

The first post-election session of the house heard demands from a Democrat and a Republican for repeal of the national labor relations (Wagner) act and the wage-hour law. On the other side of the Capitol, Senator O'Daniel (D-Tex.) introduced a bill to suspend the 40-hour week for the duration "to help solve our manpower problem."

However, many house members showed a disposition to avoid all controversy that might impede the war effort.

While the Democrats retained

Slower Road Speed Saves Tires and Lives

By The Associated Press.

COLUMBUS, O., Nov. 5.—Lower speeds as a tire-saving measure also have been a life-saving aid, State Highway Director, Hal G. Sours observed today in reporting a 31 per cent decline in traffic fatalities on state roads outside municipalities during the first nine months of 1942.

Road highway accident deaths totaled 421 in 1941, against 634 in the corresponding 1942 period, Sours said.

Excessive speed was responsible for only 97 of this year's fatal crashes, a drop of 51 per cent from 200 accidents attributed to speeding in the first nine months of last year, the director added.

He reported a decline of 20 per

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Croomulon which goes right to the seat of the trouble to help loosen and expel germ-laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Croomulon blends brechwood extract by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Croomulon with the understanding you must like the way it quickly stops the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

what is America fighting for?

To Enjoy the Fruits of Our Labors!

(One of the Essentials of a Democracy)

The right to enjoy the leisure hours we've earned as we choose—the right to spend what we've earned by our own sweat any way we like—these, among many others, are American privileges worth fighting for!

Yes, we dearly love the liberties, the simple pleasures, the concrete rewards that come to those who labor. And we intend to keep these things! No one—by either persuasion or force of arms—can rob us of them.

In America, men live better. Their families are healthier. The humblest American cottage is the sacred realm of those alone who live there—accountable to no one for their way of life or pursuit of happiness. Free to read, to worship, and to work as they choose, Americans have built the world's highest standard of living upon the greatest business and industrial structure in the world.

British armor moves up in the battle of Egypt. This is an official British photo sent by radio from Cairo.

Patrolman Henry B. Torg, 42, of 123 North State street, escaped uninjured yesterday afternoon when a police motorcycle he was riding struck a rut on East Fairground street and hurled him off the cycle. Patrolman Torg, charging a Buick sedan traveling about 35 miles an hour, reported to Police Chief William S. Marks that the cycle skidded about 50 feet after he was thrown. Chief Marks said both Patrolman Torg and the cycle were back in service following a momentary check-up. The cycle was recently added to police department equipment.

INSPECTORS NEEDED AT ORDNANCE PLANT

War Department Seeking To Fill War Plant Posts.

Urgent need for inspectors of ordnance materials at the Detroit Ordnance Plant and for crane operators and classified laborers at the Marmon Engineering Plant was reported today by Donald Ruff of the civil service office in Cincinnati who is in Marion to speed up employment at both war projects. All of the jobs he is seeking to fill here are for the war department.

Men who have had experience in working with micrometers and gages and who are certified will go to work about the middle of the month, Mr. Ruff said.

Several expert operators of heavy cranes, such as those used by railroads, and several operators of light cranes are needed for the depot.

The lack of laborers to work at the depot is threatening the war effort in this area, Mr. Ruff said. He already has had to get out of town and get men who will hold the commuting distance.

The inspectors' jobs are for the duration and six months afterwards. Men now employed at their highest skill in a defense industry need not apply.

Applicants for any of the jobs should contact Mr. Ruff at the U. S. employment service office at 183 East Center street.

COMPANY GETS NEW UNIFORMS

Marion's State Guard Unit Supplied with Winter Attire.

Co. H, Marion's Ohio State Guard unit, yesterday received new winter uniforms from the Ohio state arsenal. Capt. Carl Ebert announced today. The new outfits consist of heavy blue trousers and tunics. The tunics are of the heavy, mackintosh type with brass buttons down the front of Ohio.

The uniforms will be issued on Monday and Tuesday and the company will make its first public appearance in them in the Armistice day parade.

In addition to the three commissioned officers, Co. H, 12 members of the company have requested enrollment in a correspondence course sent out by the adjutant general of Ohio.

The course consists of five subjects, each requiring a month of study. Commissioned officers are required to take the course and other members of the unit may enroll with the permission of the adjutant general.

The Marion men who have requested the course are: Sgt. Carl E. Foltz, Corp. James F. Randolph, Pfc. Frank L. Martin, Corp. Ray S. Welch, Corp. Ray A. Haulbert, Pfc. Robert C. Nottis, Sgt. Harold Dickerson, Sgt. Charles D. Harmon Jr., Sgt. Timothy R. Fahey, Pfc. Francis D. Cook, Pfc. Donald D. Westman and Pfc. John W. Reidel. The officers enrolled are Capt. Carl Ebert, Lt. Elmer Smith and Lt. Dale Price.

The Co. H enlisted men club will hold its weekly dance at the armory Saturday night. The orchestra will furnish the music.

Three Escaped Germans Captured in Kentucky

By The Associated Press

BOWLING GREEN, Ky., Nov. 6.—Three escaped German prisoners of war, who had been in the area for some time, were captured today by a patrol of U. S. soldiers.

The three men, who were captured near Bowling Green, were taken to a military prison at Camp Campbell, near Louisville.

The men were captured by a patrol of U. S. soldiers who were on duty near Bowling Green.

The men were captured by a patrol of U. S. soldiers who were on duty near Bowling Green.

Defense Plant Worker Shot Testing Equipment

By The Associated Press

DAYTON, O., Nov. 6.—Mrs. Emma C. Layton, 25, was accidentally shot to death as she worked in the gun assembly department of a war plant here yesterday. Company officials said she was shot through the heart by a bullet from a breech-loading testing machine.

The machine was being used to test the accuracy of a gun. The bullet was fired from the breech of the gun.

TOKYO THREATENS BRITISH PRISONERS

To Retaliate for Alleged Mistreatment of Nazis.

By The Associated Press

NEW YORK, Nov. 6.—The Berlin radio said today it had been announced officially in Tokyo that Japan would impose "reprisals" against British prisoners of war in Japanese hands in case the British government does not change its attitude toward German captives.

The announcement, attributed by the German broadcast to the Japanese foreign office, was quoted as saying "the Japanese government has noted with grave concern the inhuman treatment of German prisoners of war and the intention of the British to extend this treatment also to Italian prisoners of war."

Presumably the Japanese were talking about the recent Nazi chainings and British reprisals chainings of prisoners, all of which was started by the Germans, who charged the British bound the hands of Nazis captured during the Dieppe raid and another against Sark island.

The Japanese radio for a purpose not immediately clear at this time, revived allegations today of bad treatment of Japanese nationals in the United States and Canada, stating protests had been lodged with the two governments and asserting Japan's treatment of war prisoners and civilian internees had been fair.

DR. S. S. BARRETT, 81, DIES AT NEVADA HOME

Death Follows 3 Week Illness; Funeral Services Sunday.

Special to The Star

NEVADA, Nov. 6.—Dr. S. S. Barrett, 81, died at midnight last night at his home in Nevada following an illness of three weeks.

He was born Oct. 22, 1861 in Scioville, O., to Henry and Jane Farney Barrett and was married to Miss Nina Beaver in 1888. Dr. Barrett died last year.

Dr. Barrett was a member of the Masonic and K. of P. lodges here. Surviving are three sons, Dr. Carey C. and Dr. Arthur B. of Lexington, Ky., and Milton E. of Springfield, O., a daughter, Miss Mary M. Barrett of Lakewood, and a brother, Dr. V. P. Barrett of Lakewood.

Funeral services will be conducted Sunday at 2 p. m. at the home of Rev. Edward Orinson. Burial will be in Nevada cemetery. Friends may call at the home Saturday after 4 p. m.

WPA MENDS FOR SOLDIERS

By The United Press

SAN DIEGO, Calif. — A soldier who walked into a WPA sewing center with a torn shirt and asked the forelady to mend it for him unintentionally started something. It gave H. Ross, WPA administrator, the idea of starting a WPA sewing unit especially for service men.

During the first month of the unit's existence, 1,600 seamstresses in Southern California mended free 45,000 rips and tears for service men.

PASS THE HAT OR TAXES

By The United Press

BERKELEY, Calif. — Instead of passing five new ordinances designed to raise a needed \$105,000 by luxury taxes, Mayor Frank Gaines suggested to the Berkeley City Council that they simply "pass the hat" instead as a means of alleviating the city's financial strain. He said he made the suggestion as a serious one which he believed the public would welcome and respond to.

Sub Crew Members Operate, Save Mate

By The Associated Press

TACOMA, Wash., Nov. 6.—An American submarine roving the far South Pacific preying on Japanese shipping, became a hospital ship recently while five of the crew successfully performed an emergency appendectomy.

A letter written by Lieut. Franz Hoskins, 27, formerly of Tacoma, and second in command of the submarine, told the story.

Heading the "surgical staff" of amateurs was a chief pharmacist's mate, the only one of the five who had previously witnessed an operation.

"It was operate or certain death, for the patient had a temperature of 106 degrees," Hoskins wrote. "It took us two and one half hours and now the patient is convalescing in great shape."

GASOLINE

(Continued from Page 1)

Saturday registration to the judgment of the superintendent.

Mr. Mills urged residents of the county areas to register at the nearest centralized school.

The identification officials of the OIT at a four-county meeting of school administrators early this week in Berkeley suggested that persons who have re-empted tires and cannot get the serial number take the tires to a garage and have some identifying mark, such as name or initials, burned lightly into the sidewall. Tires on which serial numbers are missing must be described in detail on the application.

Captured Nazi General

Dinner with Montgomery

CAIRO, Nov. 6.—Gen. Bernard Montgomery, British commander in chief, was reported today to have had dinner with Lieut. Gen. B. L. Montgomery, captured German general, and a group of British officers in Egypt.

The captured German general was reported to have been in good health and was being treated well by the British.

100 Jap Warships Sunk by Allies Since Pearl Harbor

By The Associated Press

NEW YORK, Nov. 6.—One hundred Japanese warships, including battleships, aircraft carriers, cruisers, destroyers and submarines, have been sunk by the Allies since Pearl Harbor, according to a statement today.

A Reuters dispatch from Cairo said that a single Axis tanker had reached North Africa in the last six weeks.

Dispatches reaching Ankara, Turkey, from Greece said Hitler was desperately attempting to bolster Rommel's shattered forces with troops hurriedly shifted from the Russian front via transport planes arriving in the Mediterranean.

These reports said four trainloads of German soldiers from the eastern front passed through Athens on Monday and transport planes had been shuttling them across the sea since Tuesday.

Informed quarters in Ankara said Hitler, realizing his armies in Egypt were in peril, had even appealed to Tokyo for help in the form of a Japanese naval attack on Madagascar or South Africa which might force the British to divert strength southward.

PARADERS IN CHILE DEMAND AXIS BREAK

Supporters of New President Riago Demonstration.

By The Associated Press

SANTIAGO, Chile, Nov. 6.—Thousands of representatives of the pro-Democratic forces which elected President Juan Antonio Riago called for a break with the axis and alignment of Chile behind the United Nations in demonstrations here last night.

Bearing flags and slogans, masses of men and women shouted vivas for the democracies and "muera el fascismo" (death to fascism) on the plaza before the presidential palace.

Arturo Navarro, chairman of the Democratic alliance, said the party, to which he and the Rio de Janeiro party were party, was a "democratic party" and was not a "democratic party."

The party was a "democratic party" and was not a "democratic party."

The party was a "democratic party" and was not a "democratic party."

GENERAL KILLED

By The Associated Press

SAN DIEGO, Calif. — Frank Salmon was granted a divorce here because his wife made his golf score worse than his own. He told the judge he tried to teach her the game as she made the rounds with him, but every time he criticized her strokes, she made such a fuss that his game deteriorated seriously. The wife did not contest the action.

COULDN'T TEACH HER GOLF

By The United Press

NICHOLAS O'PAT OF MARION IS STRICKEN

Dies at Home of Daughter; Rites Set for Monday.

Nicholas O'Pat, 66, died of a heart ailment at 2 a. m. today at the home of his daughter, Mrs. P. O. Thompson, of 144 South Seelye street, with whom he had been living for the last two months and seriously ill two weeks.

A native of Padry, Poland, when he was born Feb. 16, 1876, Mr. O'Pat had lived in Hammond, Ind., for 16 years prior to coming to Marion in August.

Surviving are three daughters, Mrs. Fred Baldauf of 228 South Grant avenue, Mrs. Throckmorton, and Mrs. Mary Kolema of Canton, and 12 grandchildren. Mrs. O'Pat died in 1925.

Mr. O'Pat was a member of St. Mary's Catholic church where the requiem mass will be sung Monday at 9 a. m. with the pastor, Rev. Father William J. Spickerman officiating. Burial will be in St. Mary's cemetery. The body is at the St. H. Gauder & Sons funeral home, 317 West Center street, where friends may call after 7 o'clock tonight.

onions, bacon, corn, tomatoes and cream, served on crackers, coffee, doughnuts and apples. The hot dish was cooked over an open fire and to fry the bacon Miss Treat fashioned a stove from a galvanized bucket using the bottom for frying, and meat for this was prepared by setting fire to closely rolled strips of newspaper which had been boiled in candle grease.

The classes are completing a nutrition course of 20 hours before their organization into a center unit. The first meeting was devoted to organization, and other study hours including the learning of canning duties, lectures on health and sanitation, a speed lesson on sandwich making, preparation and serving of meals, menu planning and a tour of the kitchen at Hotel Harding.

Harding, Shelby Clash Tonight at Stadium in N.C.O. League Battle

Marion St. Mary To Play Springfield Team Sunday in Final 1942 Game.

Already boasting an average of only two steps away age season, Marion St. Mary from their fourth straight gridders end their 1942 North Central Ohio conference season Sunday by battling once championship, Marion a powerful Springfield Central Harding's once-beaten Central Catholic eleven in a game which will attempt to slash game in which a victory for that gap to a single game the Marion's would climax in a league battle tonight at a GREAT season.

The game will be played with little Shelby High. at 2 p. m. on the Central Catholic High school athletic field. Winners three times in the league, Marion will be out to come out on top of a seven-game season. Last year Springfield edged out a 14-13 decision.

Rob Murphy, No. 1 backfield performer for the Saints, suffered a minor foot injury in the game with Lima St. Rose last week, but is expected to be ready to go against the Clark county club Sunday.

Gene Fetter, coach of the St. Mary eleven, yesterday said he had been informed that Springfield has used power plays for the most part in bowling over a number of the state's leading Catholic teams. Power plays featured last Friday's 13-13 draw with a strong Doylestown, Neb., team.

To cope with this strong offensive power, Coach Fetter has evolved a new defense. His chief hope is for a dry field. If the Irish get a dry field they will probably use their vaunted aerial attack which has swept them to two of their three victories. If it rains, they will go back to the ground attack which brought them a 38-0 win over Lima St. Rose last week at Harding stadium.

In any event Coach Fetter is expecting the stiffest opposition his charges have encountered this season. "However," he added in an afterthought, "we're going to be tougher than we have been so far this season."

SPORTS THE MARION STAR

Rivals in Army - Notre Dame Classic

LEAHY, MAZUR, and BERTELLI

Star passer Angelo Bertelli (left) of Notre Dame and Captain Hank Mazur (right), triple-threat Army back, will carry the brunt of the attack for their teams when the Irish and Cadets resume their inter-sectional rivalry on the gridiron in Yankee stadium, New York City, Nov. 7.

Frank Leahy (top center) is the Notre Dame coach and Earl H. Blaik (bottom center) directs the Cadets. The game will be the twenty-ninth in a series that started in 1913. Notre Dame has won 20 games, Army five, and three games, including last year's scoreless deadlock, have ended in ties.

USE OF FRESHMEN HASN'T CUT SCORING

However, Teams Show Slight Weakening on Defense.

NEW YORK, Nov. 6—All three predictions of second-rate football early this fall because of the use of freshmen in the various conferences and independent eleven's augmented slender supply of gridiron talent by use of freshmen aren't borne out in a survey made by The Associated Press.

Taking 20 of the schools in the informal eastern sector, the southeast and the Rocky mountain's Big Seven conferences where the yearlings this season have equal playing rights with upper classmen, it was discovered that the 1942 eleven's are stronger on offense and weaker on defense than those same teams were a year ago.

As a double check, a similar survey was made of the games played this season and last by Big Ten, Pacific Coast and Southwestern conference clubs, which do not use freshmen.

The 20 teams which now use freshmen participated in 113 games before Nov. 1 last year with an average score of 17 to 8. This season the same clubs had combined in 120 contests, as they turned into November, with the average score 18 to 11.

A year ago the Big Ten, Pacific Coast and Southwestern members had blocked and tackled their way to 132 decisions with the average score 17 to 11. This fall in 154 games, the mean has been 15 to 10.

"Have kid likes to run with the ball and it doesn't take much coaching to show him how to do it correctly," said Columbia Coach Lou Little in discussing freshmen footballers, "but it is different when it comes to defense."

Buffalo Icers Defeat Barons To Take Lead

The American hockey league's leading scorer, Fred Hunter of the Buffalo Bisons, scored the only goal last night as the Bisons blanked the Cleveland Barons and moved into undisputed possession of first place in the Western division.

In the night's only other contest, the Providence Reds advanced to within two points of the Eastern division leaders, the Hershey Bears, by downing the Indianapolis Caps, 4-3.

COACH BROWN TAKES Ohio State and Wisconsin GAME SATURDAY AS Favored by Barker To Win

Outcome of Pitt Battle May Decide Ohioans' Fate in Big Ten.

By HERB BARKER, Associated Press Sports Writer
NEW YORK, Nov. 6—Taking the weekly aim in the general direction of football winners (and hitting some, perhaps) Coach Brown of Ohio State regards his game with Wisconsin tomorrow as a "big test," figuring that so much hinges on the outcome that it may decide the Buckeyes' fate in the Western conference.

But before a great team to come back after its 28 counted out in one game, Coach Brown explained, trying to wipe away the taste of defeat meted out by Wisconsin last week. "I think my team will bounce back and win—it means a lot to us."

Looking toward their three remaining games on successive Saturdays after the affair with the Panthers, the Buckeyes need a shot in the arm of confidence. They meet Illinois, Michigan and the Iowa Hawkeyes.

Although not underestimating the Panthers, Brown believed a victory would set up his boys for the crucial conference tilt with the Illinois and Wolverines.

An estimated crowd of 10,000 would boost Ohio State's attendance mark to over 300,000 for the season.

ROBINSON FAVORED IN FIGHT TONIGHT

NEW YORK, Nov. 6—Although Ray Robinson, Harlem's lap-dancing, foot-suited fighter, is a 5 to 12 favorite to win his 38th consecutive professional bout tonight, approximately 10,000 fans are expected for his 10-round scrap with Vic Dillcurti in Madison Square Garden.

It will be Robinson's second start in the middleweight ranks, having easily polished off Jake Lamotta recently.

Dillcurti will weigh about 156 while Robinson will come in at about 143.

Junior High Team Honored at Galion

GALION, Nov. 6—Winding up the football season for 1942 members of the Galion Junior high school team were feted at a banquet dinner arranged by mothers of the boys Thursday night at the junior high school building.

Following the dinner Mrs. Charles Monroe served as toastmistress and short talks were made by Coaches, Jim Lympier and Fred Staub. Other speakers included Robert L. Sheffer, basketball coach, Superintendent Al A. Pownall and Principal R. W. Patterson. Introduction of members of the team was made by Sheffer.

Winning half of this season's games the team lost to Mt. Gilead, Mansfield Johnny Appleseed, and Mansfield John Simpson. The team defeated Bucyrus in two games and Mansfield Johnny Appleseed in one game.

Mrs. Ralph Stoner was general chairman for the banquet.

HEFTY DEBUT

NEW YORK—The big-league debut of Paul Gillespie, the Chicago Cubs' new catcher from Tulsa, Okla., was a baseball masterpiece. First time at bat in the National League on Sept. 11, he poled a homer into the Polo grounds stands. Next game the Cubs played, in Boston two days later, Gillespie blasted another homer.

WOLFE TO START

The starting backfield, Godfrey said, will be Tom Jeffries of Youngstown, who will hold down Phillips' regular left halfback post; Joe Whidder, a rip-roaring fullback from Willard, the home-town of former Buck captain Jim Langhurst; Russ Wolfe, fleet-footed right half from Upper Sandusky, and Bill Deolittle, a quarterback from Mansfield.

The starting line ends—Stan Dixon, Wyoming, O., Negro, and Louis Holzapfel of Greenville; tackles—Groza and Charles Albright of Van Wert; guards—Ed Burrus of Toledo and Warren Amine of Parma, Ill., a brother of Martin Amine of the Buck varsity squad; center—Wayne Caldwell of Springfield.

The game is the first of three for Ohio's yearlings. They meet Indiana's frosh a week from today in Ohio stadium and play Michigan's first-year squad before the Michigan-Ohio game here Nov. 21.

Phillips won't be in the starting line-up, however, because of a bad ankle.

WOULDN'T BE WITHOUT ONE FOR OUTDOOR WORK

RUGBY FLINTWIST SWEATERS

It's the heaviest, hunkiest Sweater of its kind, yet fits smooth and snug as a glove.

YOUR HEALTH

By LOGAN CLENDENING, M. D.

Nutrition Needs

THE PROGRAM for keeping the average civilian fit in war-time falls into three interrelated divisions: (1) mental hygiene, (2) nutrition, (3) muscular fitness.

Discussed first yesterday, nutrition for a large part of the world consists in getting what they can find to eat—not what appeals to taste or appetite or what is best nutritionally. In North America we are getting a little taste of this with sugar rationing and meat rationing, but it is not enough to disturb us. It is difficult to imagine that the time will come when we cannot get a complete and balanced diet.

I wish the sugar rationing had been a little more drastic and every nutritionist believes that the meat rationing, if kept to two meatless days a week, will be good for us. There are a good many tons of excess fat being carried around by the citizens of North America which sugar rationing would have helped to get rid of.

In Germany after the last war the death rate from high blood pressure, diabetes and Bright's disease remained at a very low level for years, which was ascribed to the fact that the Germans had previously been over-eating. Due to their enforced fast they lost weight and the lack of meat took a burden off the kidneys, and since high blood pressure, diabetes and Bright's disease are associated with overweight and too much protein, the deprivation really prolonged life.

I am by no means a vegetarian, and as readers of this column know, I have advocated meat as a harmless and energy-yielding food. For hard workers I am inclined to believe it is necessary every day. But most Americans probably eat too much meat and the meatless days will do them good. On meatless days you can get your protein from eggs and milk and cheese, and even if you don't—two days a week protein starvation won't hurt you.

There remains the advice that your diet should be sufficient to meet your energy needs and should be balanced. There is no reason why, with bread, butter and sugar in good quantity, your energy needs should not be met. Of course, vegetables and fruits meet energy needs too, but their principal contribution to the diet is to balance it with vitamins and minerals.

There is a reported shortage of lemons because so many are being dehydrated and sent overseas to the armed forces, but you can get your vitamin C from tomatoes, oranges, cantaloupe, cabbage, parsley, spinach, turnips and potatoes; vitamin A from butter and cheese; vitamin D the adult does not have to worry about. Your diet for the duration should include: cereal, milk, eggs, vegetables, fruits, bread, butter and butter daily and meat when you can get it.

QUESTIONS AND ANSWERS

C. M.—I use one egg yolk a day and find it very effective in relieving that tired and worn out

Daily Pattern For Home Use

By ANNE ADAMS

4252

"Holiday-seasoning" for your wardrobe—in this stunning new Anne Adams frock, Pattern 4252! See how the pointed bodice of one of the optional inside pockets. The skirt is slim and simple. Facing around all the edges and novel shoestring ties give gay style accent.

Pattern 4252 is available in misses' sizes 12, 14, 16, 18, 20. Size 16 takes 2 1/4 yds. 54 inch.

Send sixteen cents in coin for this Anne Adams pattern. Write plainly: size, name, address and style number.

Every woman who sews needs our brilliant Winter Pattern Book. It's a thrifty wardrobe plan for all the family, with each style quickly available in the easy-to-use, accurate Pattern Book, ten cents.

Send your order to The Marion Star, Pattern Department, 243 West 17th St., New York, N. Y.

Pitfalls of Love

By ADELE GARRISON

VERITZEN stared coldly at the manager of his hotel. Knowing the effect of surprise in discipline, he did not answer Milner at once.

"I had you take the men," he said at last, "because I was unwilling to humiliate you by having them listen to what I have to say. This man, judged by his own story, richly deserves discharge, but I am not going to permit you to dismiss him, because your own attitude has confirmed the opinion of the rest of your unsympathetic staff toward your men."

"No man with authority over others can afford not to understand, or aid when necessary, the people under him. You seem to have lost the respect and liking of your men, and if you are to continue as manager of this hotel, you must get it back. Now leave. We have a great deal to do."

Milner, with reddened face and rigidly controlled temper, excused himself hurriedly and took the shifty-eyed man away with him. "I shall need the adjoining apartment for the rest of the night," my father said as Milner was leaving. "Al— I shall need the services of Adams, and if Dr. Twitchell thinks best, I shall wish to talk to Redfield before morning."

"Very well, sir," Milner rejoined, but Philip Veritzen, as soon as the door closed, turned to my father with an agitated question. "What is all this? Redfield? Dr. Twitchell? What has happened?"

"There are many things I have to tell you, Philip," my father said kindly; "things at which I have hinted, but about which I had to keep you in the dark."

He sent an oblique look at Dicky and me, and my husband spoke quickly. "Perhaps Madge and I would better go over to the adjoining apartment?"

My father considered a second. "No," he said finally. "Mr. Veritzen and I will go over there, where we shall not be disturbed. But if there is any change in the condition of either Noel or Mary, call us at once."

"But," Philip Veritzen said in puzzled tones, "I do not understand."

feeling. Now a friend tells me that raw eggs destroy vitamins. Is this true?

Answer: No. Eggs themselves are full of vitamins.

Q.—What is the difference in food value between an ordinary glass of cow's milk and a glass of pasteurized milk?

Answer: None.

stand. Mary's heart condition—which incidentally is an unpleasant surprise to me."

"Mary's heart is in perfect shape," my father said. "That was a bit of camouflage for Milner's benefit. So come along with me now, Philip."

"Richard," Dr. Twitchell thinks it's all right to leave Noel and Mary in your charge. I'd like him to go back to Redfield's room and keep watch on anything Milner may be doing."

Dicky and I looked after the two older men with admiration in our eyes. "Gentlemen of the old school," I told myself, and knew my husband agreed with me.

"Aren't they something?" Dicky demanded with a grin, when the camouflage had been removed. "Simply priceless," I agreed. "Did you hear, father say anything to Dr. Twitchell?"

"Not a word," Dicky said. "He was too intent on mollifying old Phil for keeping him in ignorance of all these ructions. I don't envy Dad his job."

"Nor do I," said absently. "But we would better not waste any time before going Dr. Twitchell that message from Father."

The Stars Say—

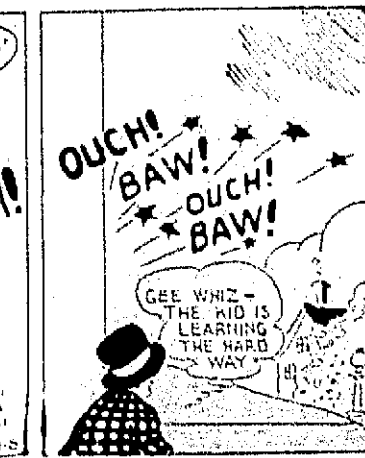

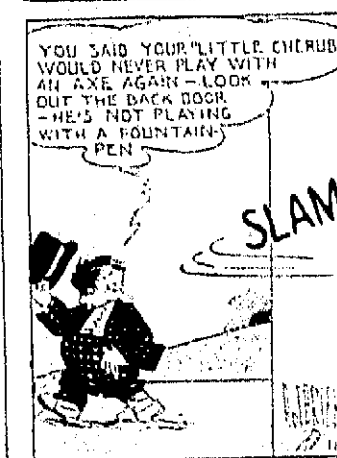

For Saturday, Nov. 7

A VERY lively and enterprising day, with all the facilities and force keyed up to high purpose and important objectives. The affairs generally should move along at high tempo and under tension, but with danger of being carried to excess and extravagance, although a pause to consider should result in excellent results, as the mentality is shrewd and quick. The temper may be impatient.

Those whose birthday it is may anticipate a particularly lively and gay year, with all things moving at high pressure and generally toward important and advanced objectives. The energies are under high stimuli and there may be danger of there being excesses, indulgences and extravagance not only in outlay of funds but in word and deed. The mind should be particularly sagacious and shrewd but may be carried beyond temper and over-enthusiasm. With care there should be much success.

A child born on this day should have much energy, many skills and creative abilities, and while not normally rash or ill-tempered it may be carried to extremes.
